

PREAMBLE FOR THE EASTERN PENNSYLVANIA DISTRICT 2 ARES NET

Attention all Stations, Attention all Stations – This is YOUR CALLSIGN calling the Eastern Pennsylvania District 2 ARES Net to order. <DROP REPEATER>

This net meets every Wednesday at 1930 hours local time for the purpose of testing emergency communications between the six counties within the district, and to also serve as a forum for information and news that may be of interest to the other six counties within the District.

All interested Radio Amateur Operators are invited to participate in this net. This is a directed net operating with a primary repeater frequency of 147.255 in Jim Thorpe with additional links to the 449.375 repeater on Blue Mountain, 443.350 in Allentown, and 147.180 in Berks County.

When checking into the net, remember we are linked and there is some delay in keying up all the repeaters, so please pause a little between transmissions and each time you press the PTT button.

Your Net Control for this session is YOUR CALLSIGN , and my name is YOUR NAME and I'm located in YOUR CITY/TOWNSHIP in YOUR COUNTY County.

Are there any stations with ANNOUNCEMENTS or BULLETINS for the Net? Please Call Net Control...<DROP REPEATER>
